

Day 22: Laundry Supplies

Yesterday, Day 21, we organized the laundry room.

Today, we will revisit the laundry room and the supplies we stock. It doesn't take dozens and dozens of bottles, potions, and powders to have the necessary ingredients to remove stains, launder clothes, and sanitize.

Checklist

Objective: To increase efficiency by organizing and utilizing every square foot of the laundry room.

- Print the [Stain Removal Chart](#) above and post in the laundry.
- Print the [Laundry Supply Checklist](#) to have as a resource.
- Inventory current supplies and add to what you currently have if necessary.
- Create a stain remover kit and contain items in clear, labeled storage.
